## **BOOK SYNOPSIS**

This is a collection of informatively captioned photographs detailing the birth and development of Alfa Romeo saloon cars. Indeed, back in the 1950s and 60s, they were perceived as the benchmark sports saloons and set the pace long before the arrival of such other sporting models as those from the BMW 3-series. This book follows the story of Alfa Romeo from the early days of production in 1910, through a multitude of racing successes, to the companys emergence as a builder of world-class sports and touring machines in the 1950s. John Tipler explores the development of the four-door saloon cars during the 1950s and 60s, from the 1900 Giulietta, Giulia TI and Super Berlinas to the Alfetta and Alfasud saloons of the 1970s and the 33 and 75 models of the 1980s. The author also describes the new generation of cars, which emerged in the 1990s, including the striking 156 that instantly gained the coveted Car of the Year Award.
