BOOK SYNOPSIS

New York Times bestselling author Dr. Neal Barnard reveals the shocking truth about cheese-the dangerous addiction that is harming your health-and presents a radical program to lose weight and feel great. We've been told that dairy does a body good, but the truth is that cheese can be dangerous. Loaded with calories, fat, and cholesterol, cheese can make you gain weight and leads to a host of health problems like high blood pressure and arthritis. Worse, it contains mild opiates that make it addictive, triggering the same brain receptors as heroin and morphine. In *THE CHEESE TRAP*, Dr. Neal Barnard presents a comprehensive program to help readers break free of their cheese addiction so they can lose weight, boost energy, and improve their overall health. This easy-to-follow diet features a treasury of healthy recipes that will tame even the toughest cravings-from pizza, to lasagna, to ice cream and cheesecake.
