BOOK SYNOPSIS

Eric Jerome Dickey strides boldly over the minefield that is modern marriage. The central couples biggest challenge is timing: He works days; she works nights. Instead of growing together, they're rapidly drifting apart, coexisting on stolen phone calls from work, punctuated by occasional bedroom encounters that leave them both feeling even emptier and more alone. When she finds out about his affair- and starts her own- the delicate fabric of their marriage is torn irrevocably asunder. Or is it? In Dickey's expert hands, what begins as a seemingly unforgivable betrayal segues into the sexy and searing story of a man and a woman at a pivotal turning point in their relationship. Only time will tell whether they'll let it all go...or can hold on to the love that drew them together in the first place.

THE OTHER WOMAN - Are you looking for Ebook The Other Woman? You will be glad to know that right now The Other Woman is available on our online library.
